FOR IMMEDIATE RELEASE (NOVEMBER 2009)

********** S T A R T **********

Basic/Mainstream Emphasis Call
November 2009 to April 2010
(Revised January 1, 2010)
Split / Box Circulate

SPLIT CIRCULATE DEFINITION:
Starting formation - lines, waves, columns. The formations divide into two separate boxes and dancers circulate within their own foursome. If the desired action is to divide the waves or columns into two separate groups, and have each group perform a circulate-type action, SPLIT CIRCULATE is the correct term to use.

BOX CIRCULATE DEFINITION:
Starting formation - box circulate. Each dancer moves forward along the circulate path to the next position. If the desired action is to have the center 4 of waves, two-faced lines, or columns perform a circulate-type action within the center, BOX CIRCULATE is a correct term to use, but it may require naming those dancers. It is improper to simply call BOX CIRCULATE from waves, lines or columns. You must specify who is to BOX CIRCULATE.

STYLING:  Arms should be held in a natural position and ready to assume appropriate position for the next call.

TIMING:  From ocean waves (OW), centers, 4 steps; ends, 4 steps; all, 4 steps.

HINT:  All Splits are boxes, BUT not all boxes are splits.

CODE:  SS = Static Square, ZB = Zero Box, ZL = Zero line

DANCE EXAMPLES:
SS:  Heads Pass the Ocean, Extend, Split Circulate, Centers Box Circulate (*), Boys Run (ZL)
