ELVIS PRESLEY had a popular hit entitled “If I Can Dream.” In that song he asked a beckoning question how the world would be different if all our brothers walked hand in hand. These words are very meaningful in our current times. It’s not a stretch to wonder how the world could be different if everyone were involved with square dancing and its associated dance forms. Unfortunately some people become distant from social connections, losing sight of humanity, and can create havoc with disastrous results. You can’t help but wonder if an activity like square dancing could have made a difference. Would it provide the proper social interaction necessary to change the course of events? One never knows, but I have always believed if you can think it, it is possible.

While I’m dreaming here are some other thoughts, I’d like to share. I’d like to see our entry level programs become balanced with an even amount of calls, formations and concepts. Basic, Mainstream, and Plus could have 30 or so calls each. Currently new dancers are exposed to a large Basic program and the survivors are subjected to 17 more Mainstream calls simply because it is far too tempting to finish teaching the rest of the list. We need to reduce Basic and allow new dancers time to enjoy the dance. Let them experience creative fun with fewer calls from all formations and arrangements with different dance forms. The stronger foundation would increase proficiency, making them less likely to become discouraged and quit. Forging ahead without this break restricts creativity, lowers dance standards, and sacrifices the most people.

Through the dreamy mist I also see the CALLERLAB Foundation having enough funds
to sustain many projects. Funds would be available to assist youth and newer callers attend conventions and other training seminars. Full scholarships would be awarded to first time recipients to attend week-long callers' schools. Programs would be supported to establish square dance groups in schools, colleges and universities. Regional leadership seminars would be supported to establish a required training seminar for dancers before they are elected to club office. New club starter kits would be provided to each city or town that does not have a square dance group. Funds would be available to establish an international archive museum for square dancing and its associated dance forms. The CALLERLAB Home Office would have a permanent location headquartered on the premises with a dance hall, ample parking, and camping space. Support for the Foundation would primarily come from corporate sponsorships, endowments, grants, and donations from those concerned about preserving our folk dance.

Another dream, to have every caller mentor at least one new caller every year. By doubling our work force we could expose more non-dancers to our activity. They could be assisting and conducting demonstrations and dance parties. Having these new callers under watchful care would better assure they are prepared, providing the best entertainment possible. I also envision every caller becoming actively involved with some project or committee within CALLERLAB. Members are the lifeblood of our organization. It has been said two heads are better than one. In that light, many minds can make great things happen.

Sure, I dream big, but so can you! Think of the possibilities. I am sure you have a few dreams of your own. It is possible some within our organization share these same ideas. Get together, establish a forum, and develop a plan to make these dreams become a reality. Together we can make it happen.

CORRECTIONS

In a previous issue of DIRECTION we incorrectly listed a memorial donation. The donation was made by Lottie Ainsworth in memory of Jamie and Janie Freeman. We apologize for the tardiness in this correction.

In a previous issue of DIRECTION we erroneously reported that Chuck Jaworski had missed a required vote by the Board of Governors. Chuck has, in fact, voted on all issues presented to the Board. We apologize for the oversight.

BOARD OF GOVERNORS
ELECTION RESULTS

We would like to offer our congratulations to the following members who have been elected to a 3-year term on the Board of Governors: Clark Baker, Tim Crawford, Patty Greene, Bill Harrison, Jerry Jestin, Vernon Jones, Bear Miller, Tom Miller, and John Sybal-sky.

We also would like to thank those candidates who, although unsuccessful in this election, took the time and initiative to run for the Board of Governors. They are: Scot Byars, Barry Clasper, Tom Mohney, Mike Olivier, and Jim Wass.
The newly-elected board members will begin serving their terms at the conclusion of the 2008 CALLERLAB Convention in Los Angeles, CA.

This year a special election was conducted in conjunction with the regular BOG Election. This special election was to fill the position vacated by the resignation of Lone Blume who's term expires at the 2009 Convention. Congratulations to Robert Hurst who will be seated at the 2008 CALLERLAB Convention to complete Lone's term and will serve until the 2009 CALLERLAB Convention.

**2008 CALLERLAB Convention**
(Los Angeles, CA  
March 17-19, 2008)

The convention is your opportunity to share ideas, successes, and even failures in our goal of increasing the numbers of dancers. This is a chance for leaders from around the world to engage in face-to-face discussions. The tentative convention schedule is included in the invitation and posted on the CALLERLAB web site at www.callerlab.org. We will be looking for new ideas for recruiting and asking you to provide input on the successes you have had.

Professor Arden Hopkin from Provo Utah will be with us again this year. Arden is a professional voice coach who has been to nearly 20 CALLERLAB conventions. He is extremely aware of our unique vocal requirements and has developed a set of presentations which are created especially for square dance callers. We will be offering individual voice sessions again this year.

The convention program will include sessions covering the technical side of calling as well as sessions and information to deal effectively with the recruiting and retention challenges facing square dancing.

The dates of the 2008 Convention are March 17-19, 2008. We will be meeting in the outstanding Los Angeles Airport Marriott Hotel. We have negotiated a very good room rate and the hotel is excited about our convention. We hope you are making plans to be there.

CALLERLAB is you! The annual convention is your opportunity to meet and talk with others who share your interest. We encourage you to invite any special dancers you may know to attend the convention so they may enjoy the inner workings of our organization. It is an opportunity to sit in on committee meetings and become acquainted with others involved in the “hands-on” work of CALLERLAB. Check our web site www.callerlab.org for more information about the Convention, the hotel, and Los Angeles.

**2008 CALLERLAB CONVENTION SCHEDULE**

The 2008 CALLERLAB Convention will be held in the Los Angeles Airport Marriott beginning Monday, March 17, 2008. There are several pre-convention activities we invite you to join as well. There will be a Beginner Dance Party Leaders Seminar on Saturday, March 15, and Sunday, March 16 in the hotel prior to the convention. There will be a community dance party on Sunday afternoon. Sunday evening will be filled with activities including the Welcome Reception, the Orientation Session, and Karaoke. We hope you are planning to attend the convention.

TEACHING METHODS COMMITTEE
Vernon Jones, Chairman

The Teaching Methods Committee was established because CALLERLAB recognized that there are many different methods being used today to teach the CALLERLAB dance programs. The committee was established to report on the different Multi Cycle methods, Fast Track, Blast, any program that is using a “dramatically altered” teaching order and of course, the Traditional Method.

One of the committee’s main focus points will be to act as a “warehouse” in order to gather and distribute information regarding the various teaching methods. Not only the ones already listed but any method that is being used successfully. There are methods which only a few people know about. It will be the committee's job to find out about these methods and provide an outlet so others will be aware other methods exist. The Teaching Methods Committee will develop and distribute publicity materials to inform all interested parties of the various methods to include all of square dancing.

The Committee's first goal is to develop an information document. This document will list all the known teaching methods along with a short description of each. This document will be available to all interested callers and dancers.

The Committee’s next goal will be to develop single documents describing each teaching method in depth. These documents can be presented to Callers Associations, Dancer Associations, individual square dance clubs and individual callers. With each individual teaching method document, the Teaching Methods Committee will develop a listing of callers and groups who are currently using a successful teaching method. This listing will be intended to serve as a base of knowledgeable leaders who can assist callers and groups that are searching for a different Teaching Method.

Active Members, Associate Members, Youth Active Members, Youth Associate Members, Life Members, or Partners of any these listed categories can be a member of the Teaching Methods Committee. Committee Members should have a strong interest in and/or be using a workable and successful teaching method. Anyone wishing to join this committee should contact the CALLERLAB Home Office and request to become a member of the Teaching Methods Committee.

PROPOSED NEW MAINSTREAM TEACHING ORDER

In 2005 a Mainstream Teaching Order Ad-Hoc Committee was created to review, discuss, and vote on possible changes to the Mainstream Teaching Order. The committee developed several proposed Teaching Orders which were submitted to interested Members for use, review, and comment. The results of that review was agreement on several common changes to the Teaching Order. The final result of the Ad-Hoc Committee work at this time is the attached Proposed Mainstream Teaching Order. This Proposed Teaching Order was previously provided by Email on September 12, 2007 in CALLERLAB E-News 2007-007 (Proposed Mainstream Teaching Order).

If you would like to participate in the review of this Proposed Mainstream Teaching Order, please make a copy of the Proposed Teaching Order, try it for a class session, and provide your comments to the Home Office: Phone 1-800-331-2577 or Email: CALLERLAB@aol.com.

DANCE AMERICA - 2008

The Alliance for Round, Traditional, and Square Dance is a gathering of related dance organizations which have joined forces to achieve a common goal of increasing the number of dancers. The ARTS
mission is to generate public awareness and promote growth and acceptance of contemporary Square, Round, and Traditional Folk Dance by encouraging and assisting a coalition of allied dance groups. The ARTS has established Individual and Association membership categories for those who wish to make a donation. For additional information, please go to the ARTS web site: www.ARTS-DANCE.org.

One of the projects The ARTS has been working on is promoting the idea for groups to sponsor and host a series of dances across America on Friday, February 29, 2008 (see attached flyer). The idea is to get publicity for the activity while at the same time raising money to support The ARTS. Just think of the press coverage we could get if we could document thousands of dancers dancing on the same day for the same event (DANCE AMERICA) all across the country. The dances are scheduled for February 29, 2008. All ARTS organizations are encouraged to help advertise these dances and individuals are encouraged to plan, sponsor, and hold one of these dances. Copies of a generic flyer advertising the dances is available on the ARTS web site (www.ARTS-Dance.org). All groups sponsoring a dance are asked to submit a list of the dancers attending the dances to the ARTS, which will draft a Press release to publicize the event.

Please consider sponsoring one of these dances. For more information contact The ARTS Secretary at ARTSSecretary@aol.com

MEMBERSHIP DUES

Our membership year is from April 1 through March 31 of each year. Therefore, current memberships expire April 1, 2008. Dues renewal notices will be sent in December 2007. If you do not receive your notice by the end of January, contact the Home Office by phone or Email: CALLERLAB@aol.com.

During the past four years we have been able to maintain the cost of membership though money saving measures and by using some of our excess funds. As with all things, however, the costs associated with keeping the organization going have been increasing. We continue to look for and to implement money saving ideas. Even with these steps, we regret we must increase our dues this year by $10.00. However, for ALL members who renew BEFORE March 31, 2008, the dues are reduced by $10.00. This means that IF you renew before March 31, 2008, you will pay only $95.00, which is NO increase from the 2007/2008 dues. Looking at our past dues structure we find that in 1990 dues were $75, therefore, this increase represents an increase of less than an11% for that 18-year period. This equates to less than 1% a year. Not bad considering the increase in the cost of living since 1990. As we are all aware, all our costs including insurance continue to increase as does the cost of our music performance licenses.

We wish there were some way to avoid this increase, but there isn’t. We hope you understand our situation.

We look forward to another great year and stand ready to provide the very best in service to all CALLERLAB members.

I would like to express my heartfelt thanks to everyone who sent birthday cards on the occasion of my 80th birthday. To say the least I was flabbergasted to receive over 1011 cards. Not only was this the best birthday I’ve ever had, but the first birthday cake too. What a surprise.

SQUARE DANCING IN RUSSIA
David & Ruth Fullaway

We had the opportunity to visit St. Petersburg, Russia the last two weeks of September. The following is a

(Continued on page 10)
Ruth and I saw an article in the CALLERLAB DIRECTION regarding two square dance clubs in Russia, with one of them being in St Petersburg, Russia. I contacted Kenny Reese from Germany, and received the Email addresses of Eberhard Walz and Uli Schingen of Germany, and Svetlana Shtern a caller in St. Petersburg. I made Email contact with all three and discovered Eberhard and Uli would be taking a German Square Dance group on a cruise in Russia, and would be conducting a caller training program in St. Petersburg. The Caller Training was to be followed by a dance on September 22 in Russia. They encouraged me to attend the dance. I learned Eberhard and his wife Gertraud have been promoting square dancing and caller schools in Russia for 12 years. His program has been very successful. There are now four clubs throughout Russia with many beginning callers currently learning to call.

While there I called a couple of tips, and taught a contra at the dance on September 22. On Monday, September 24 Ruth and I were invited by the St. Petersburg dancers to conduct a class presenting Plus calls to the St. Petersburg Club and rehearse for a public demonstration of American Square Dance at a "Concert" at the St. Petri Cathedral (A German Lutheran Church).

The dancers in St. Petersburg dance Mainstream with some Plus calls. Their regular dance nights are Thursdays and Saturdays. They dance for four hours with limited breaks. The Russian Dancers are young, extremely energetic and love to dance.

I was informed that I was the first American ever to call and teach square dancing in Russia. Svetlana asked me to include her Email address in this article, and to encourage any callers or dancers going to St. Petersburg, Russia to contact her and arrange for attending, calling, or dancing at a dance while there. They dance at the St. Petri church right in St. Petersburg on Nefsky Prospect (boulevard) within easy walking from the major hotels in St. Petersburg, and is on the bus and metro lines. They have a Hilton turntable, a CD player, and a small amplifier. They dance on a wood floor in a classroom if the group is small, and in a small dance gymnasium in the Petri school of St. Petersburg if the group is larger. There are cruises from Moscow to St. Petersburg for groups, and St. Petersburg is a port for European cruises.

Svetlana Shtern's Email address is: svetastern@rambler.

FOR THE HEART
Angie Olds

A dancer from Melbourne, Florida, Angie Olds, decided to find out just how far she walked while attending the 56th National Square Dance Convention in Charlotte, NC in June 2007. Angie, wearing a pedometer, enjoyed four days at the Nationals by dancing and seeing the sights of Charlotte and reports that during this time walked more than 90,000 steps equating to over 38 miles.

Angie confided that not all of her steps were full stride steps so the distance may not be an accurate 38 miles. However, she formulates the smaller steps would still give the same health effect as to walking a full 38 miles.

What a great way to exercise the heart! Dance to great callers and music; see and experience all kinds of sights of the host city; meet new and old friends; while all the time exercising your heart and mind.

HOME OFFICE HOLIDAY SCHEDULE

The CALLERLAB Office will be closed November 22 and 23 for the Thanksgiving Holiday and December 24, 2007 through January 1, 2008, in observance of the Christmas and New Year Holidays.

The Home Office Staff would like to take this opportunity to wish you a joyous holiday season and prosperous New Year.
