Welcome to

CALLERLAB XXXI
April 5 - 7, 2004
Reno, Nevada
WELCOME!

On behalf of the Board of Governors, welcome to Reno, Nevada, the Reno Hilton and CALLERLAB 2004. We are pleased you were able to attend and are confident you will find your time and money well spent. We have an exciting program for you with many sessions for everyone. We recommend you and your partner, if attending, choose different sessions to attend to maximize your time. Of course, there will be some tough choices to make and for those sessions which seem to be extremely popular with everyone, we have tried to keep conflicts to a minimum. Our theme this year is “Realize Every New Opportunity” and our sessions reflect this subject. Session’s marked with “RENO” are specifically intended to support this year’s theme.

BADGES MUST BE WORN AT ALL TIMES

Your convention badge not only identifies you as an official attendee but it is also your meal ticket. The wait staff has been instructed NOT to serve a meal unless you are wearing your badge.

NO BADGE, NO FOOD, NO EXCEPTIONS!

If you have requested a special diet, your convention registration package will include cards with your name, day and meal, (Monday, Lunch, etc). Please take the appropriate card to the dining room with you. Place the card on the table in front of you. The wait staff has been instructed to look for this card and ask you which diet meal you ordered. They have also been instructed to collect the card.

The formal opening ceremonies start on Monday morning at 9:00 AM. However, there will be a Beginner Party Leaders Seminar and a Caller Trainer Seminar on Saturday and Sunday, a Community Dance Program Dance party at 3:00 PM Sunday, a welcome reception at 6:00 PM Sunday evening and the Orientation Session at 8:00 PM. There will be an After Party Session at 9:15 PM on Sunday.

The exhibit area, featuring products and services for callers, will open at 12:00 noon on Sunday. You will find a list of exhibitors and the hours the exhibit area will be open at the end of this issue of DIRECTION. We sincerely hope you take the time to browse and support our exhibitors.

A room will be available for the Friends of Bill W during the convention. The location is posted on the bulletin board near the registration area.

All interest sessions will be taped by Convention Tapes International (CTI). The audio of the interest sessions will be available, for the first time, in MP3 format. See Scott Argow, CTI, for more details. CTI does an excellent job and we're sure you'll find the tapes to be an excellent addition to your reference library. Individual tapes will be available for sale immediately following each interest session, or you may wish to purchase the entire set. Please place your order with them early so you can pick up your tapes before leaving Reno, thereby saving the cost of postage and handling.

CALLERLAB is your organization and it is up to you to get involved. Speak up if you have something to say and ask questions if you're not sure. We encourage you to participate. Your opinions count.

PLEASE, NO SMOKING IN ANY MEETING ROOM REGISTRATION OR SALES AREA

10:45 AM - Breakout Sessions:

Marketing Works (RENO)
Moderator Tim Crawford and Panelists Mike Hogan and Tom Rudebock - This panel from the Marketing TRIAD will discuss efforts and methods to attract new dancers through marketing “New Opportunities.” They will present ideas which work and can bring new dancers through the efforts of clubs, associations, dancers, and callers. This session will supplement other recruiting information sessions including Multi-Cycle, Winning Ways, and Calling for Youth. Come learn how to help square dancing grow and share your ideas.

How to Prompt Contra
Moderator Paul Moore and Panelist Herb Egender - Prompting a Contra takes skills which are somewhat different from calling a square dance. These skills can be learned and practiced to bring the joy of Contra dancing to both the caller/prompter and the dancers. The panelists will discuss the skills required to prompt a Contra and share some of their experiences with this dance form. If you are interested in learning more about this topic and learning a new skill, come join the fun.

Challenge Choreography
Moderator Mike Jacobs and Panelist John Marshall - Discussion during this session will explore different approaches in teaching and calling the Challenge Programs. Discussions will include ways of expanding on positions that are interesting and danceable by the majority of Challenge dancers.

Voice (Women In Calling)
Professor Arden Hopkin will be presenting information of particular interest to women callers. Women who call have some unique vocal issues. Records are not routinely available that easily fit the female vocal range; although MP3 files and Pitch changers have made this situation much easier. Arden will address the concerns and show effective ways to handle the particular needs of women callers. This is the first of a series of voice sessions for women callers which will lead to a certificate of completion for a Progressive Voice program. If you would like to learn more, attend this session.
Overseas Committee Al Stevens - Kenny Reese Nevada 3
This Committee was reorganized in 2003 to include seven vice chairmen representing different geographic areas. Our discussion will be how the Overseas Advisory Committee and CALLERLAB can better serve one another. This committee serves the same purposes for our Overseas callers as the Caller Association Committee serves for the United States, Hawaii, Alaska, and Puerto Rico, and the Canadian Advisory Group representing anyone living in Canada. Its function is to develop policies and programs for membership in CALLERLAB as well as programs for the recruitment of new members and to work closely with other committees which have an interest in membership and recruitment. The group also assists in the recommendation for a location for Mini-Labs and individuals may serve as on-site helpers for anticipated Mini-Labs.

Accreditation Committee - Jim Wass, Chairman Nevada 4
The Accreditation Committee will be discussing the implications of the recent By-Laws amendment (changing the definition of active caller) on the General Caller Accreditation Program. There will also be an opportunity for committee members and guests to ask questions on accreditation programs.

Partner Committee - Bev Sutter, Chairman Nevada 7
Roy Gotta, Vice Chairman - Partner's Committee meetings/session are open to every convention attendee. We started a discussion last year on the Partner's role and will be reviewing those remarks and elaborating on some of them. This is an open discussion session. The informal gathering will be for anyone with any questions or answers about being a partner, new or experienced.

Caller-Coach Informal (1 of 2) Nevada 8
Accredited Caller-Coaches Paul Henze, and Randy Page will staff this session. You have a chance to discuss any aspect of the calling profession with Accredited Caller-Coaches. Information about accreditation and re-accreditation procedures will be available. This is the first of two sessions. The second session is scheduled for 1:30PM Tuesday.

Applications Review Committee - Jon Jones, Chairman Nevada 9
Jerry Story, Vice Chairman. The ARC has nine question's about the application calls to review and make decisions as to their proper/improper usage. If attendees wish to have input on this aspect of calling, they should attend the Application Review Committee (ARC) meeting.

1:30PM - Breakout Sessions

Selling Multi-Cycle Programming (RENO)
Moderator Mike Seastrom and Panelists Chris Pinkham and Wil Eades - This panel will discuss alternative ways of scheduling sessions for new dancers. They will discuss how this can work and how to “sell” it to clubs. There are many variations of the plan which starts a new class every 10, 12, or some other number of weeks. The goal of these systems is to make square dancing available to new recruits more frequently and to enhance recruiting by having the enthusiastic new dancers bring their friends and dance with them immediately. This session will present information about systems that have worked, explaining how they were setup, and what methods worked well in this new format. If you know of successful multi-cycle programs, join in the discussion and let us know your thoughts.

Dancing Before Resolution
Moderator Mike Jacobs and panelist John Marshall - For many callers “sight” calling is a process of getting dancers back to their proper corner and in sequence after the get-in setup. This panel will make the point that there should be some interesting dancing between the get-in and the resolve. They will show techniques for planning this interesting dancing and for presenting it so that the dancers succeed and have fun.

Calling in Schools (RENO)
Moderator Mike Callahan and Panelists Betsy Gotta and Eric Henerlau - Discover original thinking and fresh ideas about why Square Dancing may well be the perfect, “new” product in today's marketplace. This enlightening exchange of ideas about contemporary ways of calling to youth in schools and the mind set of a “new” generation of dancers, will provide fresh insight into why the time has never been better to be a caller, to share the fun. The panel offers valuable and useful information about innovative approaches which can help a caller better understand the unique aspects of calling in schools. Come join this important and informative session.

Voice (Caller-Coach)
Voice Coach Arden Hopkin. This is the first of a series of voice sessions for Caller-Coaches which will lead to a certificate of completion for a Progressive Voice program. Most every caller school includes some attention to proper care and use of the voice. In this session Arden will work with caller coaches - whether or not they are accredited - to help them understand how to be more effective in this area. Of particular importance are the issues of “safe” voice use. Arden will share his experience in bringing out the best in vocal presentation.

1:30 Breakout sessions continued

**Caller Association Liaison Committee** - Dave Vieira, Chairman **Nevada 4**
Bob Jones, Vice Chairman. We will discuss the Caller Association Liaison Rep program and the need for multiple representatives in some states. This committee is liaison contact between Affiliated Associations and CALLERLAB. It is charged with developing better ways to communicate, recruiting members for CALLERLAB, as well as developing policies and programs for membership.

**Mainstream Committee** - Dana Schirmer, Chairman **Nevada 6**
Lanny Weaklend, Vice Chairman. The Mainstream Committee will meet to discuss various issues which will include definition review; teach time, program review process, and future goals for the committee.

**Partners Session** - Partner Contributions to CALLERLAB **Nevada 7**
Roy Gotta, Vice Chairman and Moderator and Panelist, Jim Wass - This session will be a follow up to last year’s session on the partner’s contribution to their calling “business”. This session will focus on what skills the partners have that can specifically benefit CALLERLAB, and how they might fit into the committee structure of the organization.

**Grant Writing Committee**  Dave Guille, Chairman **Nevada 8**
Mike Olivieri, Vice Chairman - This committee is charged with investigating and submitting grant requests to outside organization, associations, and agencies in obtaining grants for the Foundation. If you have grant writing experience, come join the group and share your expertise.

**Periodic Selection Committee** - Doren McBroom, Chairman **Nevada 9**
Robert Hurst, Vice Chairman - This committee is charged with reviewing and suggesting choreographic ideas suitable for workshop or added variety within the Mainstream and Plus Programs. This committee replaced the Quarterly Selection Committees. Come join the discussion of this new committee. The Committee is operating with a new voting process that may require some explanation. The Committee meeting will focus on explaining and answering questions related to the new process, and if time permits, choreographic ideas for the next ballot may be discussed. Everyone is welcome to send ideas through the committee web-site.

3:00PM Break  **Nevada Foyer**

3:30PM Breakout Sessions

**Square Dance Party - You Can Do It (RENO)**  **Silver State 2-3**
Moderator Betsy Gotta and Panelists Tom Miller, and Buddy Weaver - Many callers don’t take Square Dance Party jobs because they think it takes special skills they haven’t got. Many times these one time dance events can be more lucrative than a regular club dance and many times lead to follow-up bookings. We have found that the skills needed for Party Night dances are similar to the skills we bring to a club dance. These panelists will show you how to use the skills you already own to do an effective job calling a party for non-dancers.
Teaching Tips (15 Selected Calls)  Nevada 1-2
Moderator Tim Marriner and Panelist Andy Shore - Teaching is one of the most important things we do as callers. We are all looking for tips to help us teach better. This is the third year for this very important topic. In Richmond, VA in 2002 we discussed the Mainstream Program and last year in San Antonio we covered the Plus Program. This year we will be discussing a more limited number of calls. This fast pace brainstorming session will acquire the best methods assisting the learning process of each selected call. Tim and Andy will provided suggestions/tips and quickly gather other successful methods of explanation from participants to be compiled as a handout. The tips are not a replacement of definitions, merely helping hints that have been tried and proven effective. The Teaching Tips gathered in Richmond and San Antonio are available on the CALLERLAB web site.

Programming  Nevada 10
Moderator Larry Davenport and Panelists Al Stevens and Norm Wilcox - Programming is part of the “Art” of calling square dances. This aspect of calling involves decisions about WHAT to call and WHEN to call it. Usually we have a full evening in which to achieve the goal but programming shorter or longer times must also be considered. These shorter or longer times include the single tip performance at a festival and the season-long program that club callers provide for groups they call to regularly. One of the goals of good programming is to offer a dance experience that is satisfying to the people on the floor. This panel will provide insight into this very important facet of the art of calling.

Recruit, Promote, Maintain Committee  Nevada 6
Wil Eades, Vice Chairman - The Committee plans discussion of Winning Ways Stories, Promo Pac, and “Add A Buck” Program. We will continue discussion on the collection and sharing of “Winning Ways Success Stories”; finalizing material to be included in the “Promo Pac” and the best way to promote and distribute information for the “Add A Buck” Program.

Partners Informal  Nevada 7
Roy Gotta, Vice Chairman and Kathy Davenport, Past Committee Chairman, will be hosting this session. This has been one of the most popular sessions of the convention in past years. This is an excellent opportunity to discuss any questions or concerns you may have. This session is intended to provide an informal relaxed setting for partners and members.

BOG Informal (1 of 2)  Nevada 8
Members of the Board, Clark Baker, Chuck Jaworski, Vernon Jones and John Marshall, will be available for you to take the opportunity to speak directly with members of the BOG. We want to hear your thoughts and what you have to say about CALLERLAB or square dancing. As a result of these sessions in the past, your Board has made several changes in operating procedures and changes to convention agendas. This is the first of two sessions. The second session will be Tuesday at 9:00AM
Monday April 5, 2004

3:30 PM Breakout sessions Continued

**Plus Committee - Skip Brown, Chairman**

The Plus Committee will be discussing whether the recently published Teaching Season is still in the best interests of the Plus Program and Square Dancing and whether or not there should be another survey taken. Also up for discussion is the recent change to the Review Process (from every two to every three years). Finally, several possible definition changes recently received from the Definitions Committee will be considered.

**Nevada 9**

Paul Bristow, Vice Chairman - The Plus Committee will be discussing whether the recently published Teaching Season is still in the best interests of the Plus Program and Square Dancing and whether or not there should be another survey taken. Also up for discussion is the recent change to the Review Process (from every two to every three years). Finally, several possible definition changes recently received from the Definitions Committee will be considered.

5:00 PM - Free Time / Standby Rooms

If you need a room for a special meeting or just to get together, please contact Jerry Reed or Gail Swindle. Do not just go into an empty room, there may be other plans for that space.

5:00 PM “Birds of a Feather” Sessions

The following sessions provide an opportunity for small groups of interested callers and partners to get together and discuss certain aspects of calling. The topics are those suggested to the convention planning committee or have been specifically requested by one or more attending callers. These rooms have not been scheduled for any activity following the evening banquet, so feel free to continue your discussions at that time if necessary.

**Alternative Music**

Silver State 2-3

Moderator Scot Byar - This is the third year we have offered this unique interest session. Alternative music as part of patter calling will be demonstrated. How to use the music and the effect it has on the dancers will be considered. We often hear that callers should use different, and more modern music to attract younger dancers. This music has been successfully used as one tool to entertain dancers of all ages. Perhaps you will come away with a new appreciation for this different side of our music.

**BOF/Hexagon Squares**

Nevada 1-2

Moderator Clark Baker and Panelist Bill Eyler - This will be similar to the very popular BOF session we had in San Antonio last year. We will show two types of dancing in a true hexagon formation. Bill has been actively using hexagons for the past 16 years and includes them in his home program and at festivals. He will show us the ground rules and how he sets up and calls a typical tip. Clark will show how a hexagon square can dance all the calls while the caller is calling to regular 4-couple squares. Come see the kaleidoscopic beauty of hexagon squares.

Winning Ways, New Ideas (RENO)  
Silver State 2-3  
Moderator Tom Rudebock and Panelists Dana Schirmer, Al Shaw and Lyle Beck - We have implemented a plan to collect “Winning Ways” success reports from the square dance activity. These reports come from clubs, associations, dancers, callers, and others. We would like to hear about your recruiting success, no matter how great or small. The purpose is to share successful ideas and to recognize clubs, associations, and federations which have been successful and are growing. We have found that a positive attitude is very helpful in our efforts to recruit new dancers. This panel will share “Winning Ways” reports and provide insight into how you can help the clubs in your area grow. Come join us to learn more and to share your recruiting ideas which have worked for you.
9:00AM Breakout Sessions Continued

Creative Mainstream Choreography  Nevada 1-2
Moderator Vernon Jones and Panelists, Randy Dougherty and Jerry Reed - This session will provide information about how to create successful Mainstream choreography. As callers, we should be aware that trying to become “too” creative with our choreography...especially while calling the Mainstream Program can cause serious problems for the dancers. This creativity often results in formations, arrangements, and choreography which are too difficult and complex for the average Mainstream dancer.

Newer Caller Information  Nevada 10
Moderator Mike Seastrom and Panelists, Patty Greene and Bob Jones - If you have been calling 6 - 8 years OR LESS, this session is especially for you. We have added this session as a place for you to get answers to your special concerns. Join this group and the helpful panel to share your experiences. Ask questions about CALLERLAB, how it works and what it does. Ask questions about the art of calling or any other related subject. Remember, there are no stupid questions and hopefully no dumb answers.

Advanced Committee - Chuck Jaworski, Chairman  Nevada 4
Bill Harrison, Vice Chairman. The Program Policy Statement directs that each program will be administered and managed by a program committee. The Advance committee will review the recent votes, discuss the Definition changes, the teaching order changes and membership requirements. The committee is interested in your ideas and input. If you call the Advanced Program and are interested in the Advanced program, plan to attend this committee meeting.

Youth Committee Meeting - Bruce Mitchell, Chairman  Nevada 6
Tim Tyl, Vice Chairman - The Youth Activities Committee will meet to discuss it’s continuing agenda which includes: providing guidance to callers on how to call for youth; providing guidance for callers of youth clubs; setting up a mentoring program to assist callers under age 25; looking for hints and ideas to recruit the youth into square dancing; creating and distributing brochures to promote/recruit youth square dancing; developing and publishing a youth club directory, with a list of youth friendly festivals, and callers willing to call for youths; creating and distributing a brochure on how to call for youth; and, exploring the feasability of finding a youth ambassador to promote public awareness of youth square dancing.

CCD Committee Meeting - Calvin Campbell, Chairman  Nevada 7
Bob Riggs, Vice Chairman - Discussion of the Video Tape Project for the CALLERLAB Foundation. The CCD will be discussing the recent Beginner Dance Party Leaders’ Seminar and the CCD Dance this past Sunday. A progress report will be made on the video project being done for the CALLERLAB Foundation. Example DVDs will be presented from the 2003 Seminar. Further plans will be discussed, including the future of the CD Journal.

BOG Informal (2 of 2) Nevada 8
Members of the Board Larry Davenport, Bill Harrison and Tom Miller will be available for you to take the opportunity to speak directly with members of the BOG. Randy Page and Mike Jacobs are preparing a video presentation from their recent caller school highlighting new callers. Caller-Coaches will be able to review the video and, make suggestions then hear and see how Randy and Mike worked with these new callers and the results they were able to accomplished during their school.

10:15AM Beverage Break Nevada Room

10:45AM Breakout Sessions

Dancing Sells (The Activity)(RENO) Silver State 2-3
- Moderator Dana Schirmer and Panelist Jeannette Staebule and Randy Page - Most people come to the activity expecting to dance and are met with the challenge of solving puzzles. This panel will discuss and demonstrate smooth dancing which can be an effective tool to “sell” the activity. Come, learn how to keep ‘em coming back by using smooth choreography and enjoyable dancing.

Modules- Interest Session Nevada 1-2
- Moderator Tim Marriner and Panelist Calvin Campbell - We have many choreographic management tools available to us. Many callers seem to believe that the only important tool for this job is sight. The panelists will explain and demonstrate that even skilled sight callers can improve their program with the effective use of modules. In fact, they'll tell you that not using modules is a serious mistake.

History-Heritage-Tradition Nevada 10
- Moderator Jim Mayo and Panelists Herb Egender, Bob Van Antwerp, Jon Jones History, Heritage, and Tradition are very important aspects of our activity. This information is sometimes overlooked as we deal with the “puzzle” aspects of modern day choreography. This panel is well qualified to provide information about our past and the rich heritage of square dancing and calling. Come join us to learn more about how we got to where we are today.

1:30PM AM Breakout Sessions Continued

Showmanship Nevada 1-2
Moderator Clark Baker and Panelist, Robert Hurst and Wade Driver - There are many aspects to showmanship. Singing well is certainly part of it but so is choreography, communication and entertainment. This panel will be comprised of panelists who will illustrate different styles and examples of Showmanship. This session will be of special interest to callers who call the Advanced Program or who are interested in learning to call this program.

Voice (General) Nevada 5
Our voice expert, Professor Arden Hopkin from Brigham Young University in Provo, Utah, will demonstrate various techniques used to correct voice problems and will provide important information on the care of your voice. Professor Arden Hopkin has identified two areas of vocal training which are very important to the improvement of vocal delivery by a caller. These two areas are Vocal Range and Vocal Quality. Attendees will hear how to improve both Vocal Range and Quality. This is the first of a series of voice sessions for General Callers which will lead to a certificate of completion for a Progressive Voice program.

**Calling for Youth (RENO)  Nevada 1-2**
Bruce Mitchell, Moderator and Panelist, Kristy Jacobs. Getting more young people into modern square dancing is a widely shared dream. For these panelists it's more than a dream. They call for young people and know what it takes to make them love square dancing. Calling for youth groups is different from calling for other groups. There are some aspects of programming and planning which require a slightly different perspective. The panel will discuss the issues involved with working with youth groups. Come join the discussion and share your experiences.

**Digital Music  Silver State 2-3**
Moderator Kris Jensen and Panelist Bill Harrison and Dick Henschel - Moderator and panelists, will explain the various options for digital transfers of music. MiniDisc, Compact Disc, and Internet downloads will be explained and demonstrated. What's a .WAV file? An .mp3 file? A .MID file? Examples of digital media and recording devices along with “plain English” explanations will increase your knowledge and help you to make informed decisions when vinyl records become history.

**Calling For Handicapable (RENO)  Nevada 10**
Moderator Michelle Jacobs and Panelist Jerry Yerby - This session will provide a discussion of interest to those members and partners who are interested in the challenges and rewards of working with the handicapped. This will be an excellent opportunity to share ideas and experiences. Come join the discussion.

“Birds of a Feather” Sessions
The following sessions provide an opportunity for small groups of interested callers and partners to get together and discuss certain aspects of calling. The topics are those suggested to the convention planning committee or have been specifically requested by one or more attending callers. These rooms have not been scheduled for any activity following the evening banquet, so feel free to continue your discussions at that time if necessary.

Surprise Resolution
Moderator Jerry Jestin - This session will be of special interest to callers who are intrigued by surprise or “gimmick” get-outs. These specialty choreographic tools can provide variety, fun, and challenge to the dancers. The session will include advice on selecting material that dancers can accomplish successfully. If you are interested in learning more about this side of calling, plan to attend.

Additional binding votes may only be taken if at least one-third of the Voting Members are present at this meeting. Votes taken at the convention are binding on the membership at large unless rescinded by a ballot vote by the Active (Voting) Members. Ballots on voting conducted during this meeting will be mailed to all eligible voting members with the FLASH issue of DIRECTION. Tim Crawford, incoming Chairman of the Board may provide a short speech outlining his plans for the next year.

Selected committee chairmen will be given an opportunity to report on committee business conducted at this convention. Time has been set aside for attendees to present comments, criticisms, or suggestions from the floor. This session will be taped for later review and/or action by the Executive Committee or the Board of Governors as appropriate. This is your chance to speak to the entire assemblage about any concerns you may have about CALLERLAB or the square dance activity. The Chairman reserves the right to discontinue discussion or debate on any subject that, in his estimation, has ceased to provide relevant input.

If time allows, members who have submitted a valid petition to run for the Board of Governors, will be given time to give a short campaign speech.

Critique Sheets
Please complete the critique sheet included in your registration packet and turn it in to the Registration Office before you leave, or you may mail it to the Home Office. The critique sheets are extremely important to the Convention Planning. They will be used to plan the 2005 convention. If you have suggestions for convention topics, now is the time to make your ideas known. The planning for CALLERLAB XXXII, takes place the first week of June, 2004.

Request to be on a Committee
We have done something different with signing up to be on a committee this year. You will notice the “Sign up for a Committee” is no longer on the reverse of the Critique Sheet. If you wish to join a committee please complete the sheet which was included in your convention package and return it to the Home Office or turn it in at the registration desk.

**Special Thanks**

Thanks to all of our convention helpers and volunteers. Special thanks to Gail & John Swindle and Donna Robinson for their untiring efforts into the preparation of a large task as planning for the convention. We would like to thank Del Reed and Bill and Linda Ives for volunteering to help in the sales and registration area. Special thanks, also, to Hilton Audio Products for their unselfish donation of PA sets and other equipment for our use during this convention; and Dave Vieira for his assistance during the convention.

And to Scott Argow, and his assistant, Thomas Giminez, from Convention Tapes International, for their services in making our convention programs available to the many that were unable to attend.
