Welcome to Callerlab 1986

A Welcoming Message from CAL GOLDEN, Chairman of the Board . . . . .

As Chairman of the Board of Governors of CALLERLAB, it is certainly my pleasure to welcome you to our 1986 Convention in Baltimore. We have made every effort to include the topics recommended by the membership to include the panelists suggested. We encourage you to attend as many sessions and committee meetings as you can and, if your partner is with you this year, we suggest that you each attend a different session to provide better coverage of the many topics being offered.

Special programs have been provided for the callers' partners again this year. We have two sessions on Assertiveness Training since this was a commonly requested item last year from the partners who took the time to respond. We have continued the Partners' hospitality room to enable you to sit and chat in an informal and unstructured fashion. Beverages are available to those participating.

We have had our Ad Hoc Committee working all year on five aspects of the square dance picture: RECRUITING, TEACHING, TRANSITION FROM CLASS TO CLUB, RETENTION AND LEADERSHIP. We have separate interest sessions on many of these as well and we urge you to attend and share your ideas. If you have another pressing commitment at the same time, then avail yourself of the tape service provided by Convention Tapes International. It is important that we all focus on these issues to come up with recommended solutions to a concern that has been expressed by many.

We encourage each of you to express your thoughts and opinions at each meeting you attend. As we leave the convention this year, however, let us all agree on a course of action. Let's work together with the thought in mind of making square dancing one of the biggest and best recreational programs in the world! We can do it if we all work together. YOU ARE CALLERLAB! Put the PRO back into Programming and remember our theme for this year's convention - PROGRAMMING FOR PLEASURE. This means having fun. If we, as callers, make it fun to call and fun to dance, we will be well on our way to accomplishing our most cherished objective.

* * * * * WELCOME TO CALLERLAB * * * * *

The theme for our 1986 Baltimore Convention is "PROGRAMMING FOR PLEASURE" submitted by Jim Hume, Beaver Falls, Pennsylvania. The theme allows all of us to refocus our energies and efforts towards the professional aspect of our calling careers. It is important for all of us to be "PROfessional" in all aspects of our square dance activity, both ON and OFF the stage. The theme allows all of us to put the PRO back into programming. It is hoped that all moderators, panelists and committee chairmen will emphasize this theme in each session.

The theme is prominently displayed throughout the hotel and convention center by the artwork of Jack Berg. Jack designed the artwork and graciously donated his time, talent and production for the signs you see. Jack's unique design is shown above -- you will also see it often during the next few days. Thank you very much, Jack!
NOTE: If a meeting or session is scheduled in a room with a name such as COLUMBIA, FREDERICK, etc., it is in the Hyatt Hotel on the 2nd or 3rd floor. If a meeting or session is scheduled in a room with a number assigned to it such as 308, 309, 310, etc., it is to be held in the Convention Center — approximately a 3 minute walk from the Hyatt Hotel. Since there is no cover for this walk, we suggest a look outside for the weather conditions prior to leaving the hotel.

All sessions that have an asterisk are scheduled to be taped by Convention Tapes International.

You will notice that our apprentices will be wearing a different color badge and we encourage all of you to get to meet our newer callers. Make them feel welcome and answer any questions they may have—many of them are probably apprehensive or feel somewhat overwhelmed. A receiving line, consisting of members of the Board and their wives, if present, will be set up. Nonalcoholic punch and snacks are available at no charge while cash bars are available if you desire. Immediately after the social hour, you are on your own for dinner and the rest of the evening. Most exhibitors will remain open after the social hour until 11:00 PM.
