WELCOME TO CALLERLAB

As your Chairman, may I take this opportunity to welcome you to CALLERLAB 1980. This is our 7th Convention and with the planning that your Executive Committee has made and the effort put into the presentations by all of the committee chairmen and presenters it should be one of the best ever. We have over 900 people in attendance and more than 150 callers attending for the first time. During the opening session, our Executive Secretary will be going over the entire program with you. However, there are a couple of items that I want to emphasize. The best estimate that anyone can come up with would indicate that there are approximately 9 - 10,000 callers throughout the world. Our current membership is just over 1200 (by the end of this Convention) and this means that we have only 12% of our potential. As I travel around the country and as I get reports from other callers who travel, there is a widespread belief that there has to be some way of getting more people involved with CALLERLAB. Last year, we approved a method of affiliate memberships for Caller Associations, but this is not enough. We must open up our membership to all qualified callers. This will be a major topic at the Membership Committee meeting with Bob Osgood on Tuesday morning at 10:30 AM. Please try to attend this critical meeting. Another major point I want to emphasize is the composition of our various lists. We continue to receive communications from many sources about our list for teaching being too long. Perhaps we have made some mistakes in the lists or the names selected for the lists. If so, let us be realistic and honest and admit it and then try to come up with a better solution. Let us face it, we, CALLERLAB, are looked upon as the natural leadership of the activity. Let us accept our roles and responsibilities. Let us look to the future and not be shortsighted. Each of you has a say in what we do and what we propose. Let your voice be heard. Work within the framework of this Convention and when the votes are cast on Wednesday, let us all, repeat ALL, follow the actions we adopt. Have fun and enjoy this 7th Annual Convention.

ATTITUDE - JUDGEMENT
HOW TO GET THE MOST OUT OF THIS CONVENTION

Your Convention planning committee has scheduled a very busy three day Convention so that you can get the most out of it. We do not expect that you will agree with everything that is said or presented. You may not even agree with the majority vote taken on Wednesday morning. However, we want each of you to feel free to express your views during the meetings. We have arranged to have floor microphones in the larger rooms so that all delegates will be able to hear your view. We do ask that you get recognized by the chair for that session before you speak. We also recognize that in some instances, you will not be able to attend all of the sessions that you care to attend. For this we are genuinely sorry. However, many of you will be here with your calling partners, and this gives you the opportunity to attend two sessions concurrently and double your research or knowledge. When there are committee meetings as well as interest sessions, you must make up your own mind which one you will attend. We have only requested you attend specific sessions for the General Sessions on Monday and Wednesday.

We expect that all delegates will attend all general functions and all meals.

Since some of you are attending for the first time, we ask that you share some of the initiatives by speaking to a committee chairman if you desire to help with committee work. We have enclosed a list of the committee chairmen and the committees which they chair. However, please do not volunteer unless you wish to become actively involved. The volunteer chairman who gets no response from his committee people gets very frustrated and we waste time and money. If you want to help, there is a great need on many of the committees. Make CALLERLAB an ongoing project in your career. We concentrate our actions to the three days of the Convention. Yet, a great deal of the selling of our actions must take place during the year by each of you to your clubs and dancers.

We mentioned in previous Direction Newsletters that you are welcome to use your tape recorders. However, we will be providing a complete Convention wrapup in the June issue of Direction so don't panic if you can't attend each session. While we will be making certain recommendations here in Miami, don't let it stop here. Please follow our approved actions and not just give lip service to the votes. The judicious use of square dance figures and terms is the classic case in point. Stick to the approved CALLERLAB position when it is voted upon. Previous Convention themes have included "Working Together", St. Louis, 1974, "Time For Action", Chicago, 1975, "Professional Leadership", Chicago, 1976, "YOU ARE CALLERLAB" Kansas City, 1977, "Working Toward Tomorrow", St. Louis, 1978 and "Comfortable Dancing in the Proper Spirit" in Los Angeles, 1979. They are all good themes and certainly provide us the guidance to practice during the year. Do your bit to support CALLERLAB and their approved actions. This year our theme is "ATTITUDE - JUDGEMENT".

THE BOARD OF GOVERNORS. All members of CALLERLAB play an important part in the selection and election of the members of the Board of Governors. Our Board consists of 25 callers with one fifth of them being elected each year. Each year, petitions for nominations to the Board are circulated by members or their sponsor for those seeking office to the Board. The By-Laws require that in order to run for the Board, a member must have been a member of CALLERLAB for at least three years and the petition requires at least 25 signatures. We have provided a listing of the current Board and their terms of office. If you are signing
a petition for someone, please make sure that your signature is legible and perhaps even print your name so that we can perform the necessary administrative checks and verifications required. Completed petitions may be turned in to the Convention Headquarters or directly to the Executive Secretary. Blank forms are also available from him. Our rules also require that at least 50% of the membership must vote in order for the election to be valid. The Ballots will be included in the September Direction.

DUES: If you have not already paid your dues in advance, please do so at this Convention so that our records are updated. We would appreciate it if you would make out a check or money order and give it to the registration people. Or, if you prefer and it is by check, hand it directly to the Executive Secretary. If possible, we would prefer you not pay in cash.

EXHIBITORS: Elsewhere in the handout is the list of the Exhibitors who are here to show you the products and services they offer for sale. Please take the time to visit them in their booths and meet the guys and gals who do so much for us in our calling. The exhibit areas are open during all free time and all choice sessions but not open during general sessions, nor the Banquets.

CALLERLAB SALE ITEMS: CALLERLAB sells selected items to enhance the recognition for the individual members. The list of the items and the related prices are contained elsewhere in the packet. If you have an idea that you feel we should explore to sell to our membership, please see either Bob Wilson or Herb Egendorf - Co-Chairmen of the Ways and Means Committee.

1980 CALLERLAB CONVENTION - AMERICANA of BAL HARBOUR, Miami Beach, Florida

We have attempted to list all of the significant aspects of the scheduled events from the time of your arrival. We have indicated which sessions are committee meetings and which are interest sessions. In some cases, we have scheduled a meeting as a closed meeting to permit the committee work to be accomplished. Most meetings are open and if you desire to attend a closed meeting, you could probably get permission from the chairman if you spoke to him or her prior to the start of the meeting. In most instances, we have provided a short narrative to enable you to decide which sessions you would like to attend. We have indicated which sessions are to be taped. It is up to you. We expect all delegates to attend the opening ceremonies and the final Business meeting as well as all meals from noon on Monday through breakfast on Wednesday. Please also note that we have provided some more lengthy writeups of certain sessions and even some commercials to entice you to attend. Handouts will be available in some sessions as well.

Also during this first session, we will have several concurrent committee meetings open to all who desire. These will include the following:

One of our most visible and tangible areas of actions by CALLERLAB. This meeting will be held in the CARIBBEAN Room on the Main Lobby level near the street side.

RECORD TUNE CLEARINGHOUSE Committee chaired by C. O. Guest. A review of where the committee stands to date. All callers who are involved with record production should attend this meeting to discuss mutual concerns. WESTWARD V Mezzanine level.

Noon
Ballroom - Reception line to meet the Board of Governors. This precedes lunch and gives you an opportunity to meet the Board of Governors if you missed them last night. After going through the line, please proceed directly to the dining area and fill all tables completely. As soon as a table is full, we have instructed the hotel personnel to begin serving.

Special luncheon for Caller Education Specialist Accreditors only. This will be held in Jon Jones' Suite.

Note: Exhibitor area will be open right after lunch. The rooms are located off of the main lobby in rooms 204 through 212. The exhibits will remain open until 6:00 PM and then closed until after the banquet.

1:30 PM Committee meetings and Interest sessions as shown below:

STYLING Committee. Melton Luttrell Chairman. A continuation of the work begun last year and the first of three sessions this year to complete the Mainstream program. These sessions will all be taped. CARIBBEAN SUITE on the Main lobby level near the main entrance.

CREATIVE CHOREOGRAPHY at the Mainstream and Quarterly Selection levels as affected by Attitude and Judgement with Jack Lasry and Frank Lane. This session will be taped. For those of you who missed this last year, it was an outstanding session and we are putting this in the MAIN BALLROOM to handle the large attendance we expect.

MAINSTREAM Committee with Jack Murtha. A committee meeting to formulate the resolution(s) to be presented to the floor on Wednesday morning. This will include the possibility of freezing the list, portions of the list, additions to the list and deletions from the list. It is your opportunity to be heard and serve on the committee which is the backbone of our movement today. This meeting will be held in WESTWARD IV on the Mezzanine level.

THINK TANK with Herb Egendorf Chairman. Open meeting to get your ideas as to what is important. What projects should we be working on? Are there any items where we should try to ensure conformity? What do you think? This is your opportunity to shape and aim the efforts of CALLERLAB. The meeting will be held in WESTWARD III in the Mezzanine level.

CALLER ASSOCIATION LIAISON Committee with Bruce Bird Chairman. Continued discussion on efforts within the Caller Associations. A discussion of some suggested programs and input on how to implement the Affiliate Memberships. Since most of us are also involved in local associations, here is an opportunity to aid those groups less fortunate than yours. The meeting will be held in EASTWARD and WESTWARD I on the Mezzanine level.

FORMATION Committee with Bill Davis Chairman. Last year we approved 53 discrete formations that can be obtained by use of the Mainstream calls. We will review these and also look at some other concerns in the area of technical concerns. Such things as the uniform terminology for various formations as well as descriptive terms for the various possibilities of the boy girl arrangements possible. Can we Standardize? Should we standardize? Attend and find out. Give us your thoughts. This meeting will be held in WESTWARD II & V. Mezzanine level.
3:00 PM  Coffee/Tea/Coke/Tab break. There will be three stations for service. Ballroom area, Caribbean area and Mezzanine area. Please return to your next session and be ready to start promptly at 3:30 PM. Thank you.

3:30 PM  CREATIVE CHOREOGRAPHY - ATTITUDE and JUDGEMENT at the Plus levels with Jerry Schatzer and Bob Fisk. Since we presented this last year at the Mainstream level, there were many requests to have it for the Plus levels as well. Keep in mind, however, that our theme is the dominant force. It is the Attitude and Judgement that you display through the move that affects the well being of the dancers. Come see how Jerry and Bob recommend this to be handled. Contribute your own thoughts as well. This meeting will be held in the BALLROOM. This session will be taped.

STYLING with Melton Luttrell. A continuation of the first session. The session will be taped. Located in the CARIBBEAN SUITE on the Main Lobby level.

ACCREDITATION by Invitation only. A special meeting to be held in WESTWARD IV. In the event that you want additional information on this, contact Bill Peters prior to the start of this meeting.

TAXES and RECORD KEEPING with Gregg Anderson. A special interest session that affects us all. Gregg presented this originally in St. Louis and is back by popular request. The meeting will include slides and script and will be taped. It will be held in the WESTWARD II & V meeting rooms on the Mezzanine level.

QUARTERLY SELECTION Committee with Dave Taylor. A meeting to determine the wording and resolution(s) to be presented at the main business session on Wednesday. Dave and his committee will take the actions of the Mainstream Basics committee and determine what to do with the items on the current QS list. This session will be held in EASTWARD/WESTWARD I on the Mezzanine level.

ROUND DANCE COMMITTEE with Herb Egendorf as Chairman. A review of the ROUNGLAB Phase I which we asked them to submit to us. A copy of their proposal was included in each Convention packet. If we include some round dancing as a part of our teaching, where do we fit it in and how long do we extend the lessons? Your input to this session will help us form our position. This meeting will be held in WESTWARD III on the Mezzanine level.

5:00 PM  Special Interest Group for Canadians. Held in WESTWARD IV.

6:40 PM  Doors open for Evening Banquet. Wear your badges, you won't get in without them. We have four Board of Governors couples to greet you before entering. Please sit at your tables by filling them up from the rear first and do not save seats for anyone. We will be asking a blessing before we start to eat. If you want to eat with someone special, please enter the dining area together.

7:00 PM  BANQUET. Blessing will precede the meal. Bob Van Antwerp MC. Tonight will see the Small World Awards as well as the Quarter Century Certificates presented. He will be addressing us during the banquet and after the banquet, he will conduct a workshop on Leadership for all of us in the BALLROOM.

9:00 PM  POST BANQUET Lecture and Discussion by BJORN SECHER.

LEVEL IDENTIFICATION Committee with Jerry Schatzer and Bob Fisk.  This committee will take the actions recommended by the Mainstream Basics and the Quarterly Selections committees and make their recommendations on calls that have been dropped.  They may also recommend a change in procedure for the QS committee to consider moves currently on one of these lists.  They might also recommend changes to the existing list.  Attend this meeting and provide your input.  The meeting will be held in EASTWARD/WESTWARD I on the Mezzanine level.

PROGRAMMING FOR SURVIVAL with Jim Mayo and Bill Peters.  See the complete write-up later in this handout.  Jim and Bill will conduct a debate on the Attitude and Judgement used concerning challenge at all levels.  This session will be taped and will be held in the FLORIDIAN room on the Lower Lobby level.  This session should be a sell out crowd so get there early and get a seat.

CREATIVE CHOREOGRAPHY as affected by ATTITUDE and JUDGEMENT at the Advanced level with Ed Foote and Lee Kopman.  There is a writeup elsewhere in this handout that presents some of the items to be discussed.  This is the third in the series of ATTITUDE and JUDGEMENT as it affects choreography.  This session will be taped and will be held in the BALLROOM.

One topic to be discussed will be the formation and creation of a screening committee (sub committee) for considering moves (experimentals) suitable for use in Advanced Programs.  Norm Poisson and Jim Davis are working on a proposal for consideration.  This session will be held in EASTWARD/WESTWARD I on the Mezzanine level.

WAYS and MEANS Committee, with Herb Egender and John Kaltenthaler.  A review of the budget as well as soliciting ideas from the membership on other ways to fund our activities. WOMEN CALLERS with Gloria Roth assisted by Orphie Easson, Betsy Gotta and Birdie Mesick.  A special interest session to discuss the special concerns of the women callers.  Meet the others who share a common ground with some special considerations.  Find out how others cope with record selections, voice projections and other techniques.  This session will be held in WESTWARD IV on the Mezzanine level.
TEACHING with Ernie Kinney, Johnny LeClair and Colin Walton. This session will be taped and will be held in the FLORIDIAN room on the Lower Lobby level. Can we be more effective with our teaching? Can CALLERLAB lead the way in new techniques or provide research on how to improve? There will be opportunities for each of you to be heard on this important subject as well.

MEMBERSHIP Committee with Bob Osgood Chairman. This open meeting will deal with several important topics. The Affiliate Memberships for Caller Associations and the necessary administrative procedures to handle will be one topic. A caller's programming choices are at the very heart of square dancing. They determine the variety, interest and, in particular, the degree of difficulty the dancers will experience. Clearly the attitudes and judgement we use in programming are important factors in the long term survival of our activity.

Jim Mayo has some strong personal opinions about the product we are selling. His part of this discussion will be weighted heavily by his belief that choreographic complexity is but one of many elements of variety. We must use it sparingly in our effort to keep all of our programs interesting at whatever level we are working. Jim is certain that callers' fascination with geometric puzzles is one of the major reasons that we have been willing to tolerate drop-out rates of 80% of class graduates in the first year. Callers force dancers to seek choreographic challenge by offering no alternative and by believing that those who move on to further levels of complexity are better dancers.

Although many callers give lip service to the idea that a limited number of calls can still provide an interesting dance, very few callers are able to call such a dance. Too often the caller attempting to add interest does it with APD variations which can not be executed by most dancers without workshopping and/or stop and go timing. Jim believes that the goal of the program at any level up to at least MS&QS should not be to challenge the dancers' ability, but rather to avoid excessive repetition. Furthermore, we can not afford to give up the experience of moving with music which has all but disappeared from modern square dancing.

Bill Peters holds a somewhat different view and will contribute to the discussion his belief that choreographic challenge is an important part of any square dance program and that APD variation is only one of many ways in which a caller can provide such challenge. He would like to see choreographic challenge presented in ways that are appropriate for the skill of the dancers present at any dance - but he does believe that most dancers enjoy, and therefore prefer, their caller to provide at least some challenge. How much and what kind of challenge are matters of JUDGEMENT and ATTITUDE - and that's what our discussion is all about.

The right ATTITUDE and proper JUDGEMENT can not be found in books. They are the result of experience and they are expressed in each of the hundreds of decisions we each make during every tip we call. This session will give you a chance to hear the different ATTITUDES of two very experienced home-program callers (both Bill and Jim have called for one of their home clubs for more than 20 years.) They will share with you the way their different ATTITUDES are expressed in behind-the-mike JUDGEMENT. Your contributions to the discussions will be welcome. Come and join the debate.

RECORD TUNE CLEARINGHOUSE REPORT

As most of you know by now, the Record Tune Clearinghouse was set up primarily as a communications center for the record producers in an effort to reduce duplications of the same tune.

At this time, there are about 38 square dance record producers and 28 are members of the Clearing House. Duplications are going to occur from time to time and this has been known to occur with both members and non-members.

If I were a new record producer and wanted to get off to a good start and show sound judgement in my procedures, I would join just for the valuable information that my membership would afford me. In this way, I would not be wasting my time and money in producing a
record that would duplicate a particular tune. I really don't want to wave good-bye to money that quickly.

Working together within the framework of the activity shows a good attitude on the part of all. Some will choose to go their own ways no matter what the results, but we can all recognize the poor attitude and faulty judgement in this path.

Recently, there have been comments made on songs with suggestive tag lines and I've done some research on this. Producers and dealers alike agree that tunes of that type seem to sell the best. Unfortunately, this seems a carryover from the world around us since any radio will give the same kind of thing to us at any hour of the day. As long as these pop and country tunes continue to sell well, we're probably going to have to put up with it. It's a commentary on the current society and our only recourse appears to be a complaint to the station who airs such "music" and the company that produces the record. The real point to be considered is that the record companies produce what sells and the public can refuse to buy.

The Record Tune Clearinghouse has made progress and continued working together with a proper attitude and the exercise of good judgement will help us continue to work for the good of Square Dancing.

ATTITUDE - JUDGEMENT IN ADVANCED DANCING

Attitude is a feeling or a state of mind an individual has toward a particular endeavor. A positive attitude creates an atmosphere of good feelings, the priceless ingredient essential to an evening of fun and relaxation. This attitude is conveyed in a number of ways.

THRU COMMENTS - Dancers are trained to listen intently. Whatever you say is important. Never treat your comments lightly. Prepare yourself carefully - be positive in your approach. For example - you may not care for a CALLERLAB Quarterly Selection, however as a responsible leader it is your job to teach it to your group. A negative comment will turn your dancers off - making it more difficult for them to learn the move. Approach your presentation in terms of its being your responsibility to keep them abreast of what is currently popular in our dance activity. This will solicit a more positive response from your dancers.

TONE OF VOICE - In terms of feelings - this is your most obvious give-a-way. You can command and still be gentle. If we can "Walk Softly and Carry a Big Stick", we can "Talk Softly and Carry a Big Mike".

FACIAL EXPRESSIONS - Your eyes speak for you in many ways. One smile is worth a thousand words. An expression reveals feeling without uttering a word.

JUDGEMENT - Good judgement is having the ability to HONESTLY evaluate the strengths and weaknesses of yourself and your group.

The following list of criteria can be used by callers in evaluating your judgement skills.

1. Do I understand the material?
2. Does it have long range potential?
3. Can I clearly define and quickly teach - whatever?
4. Will it fit smoothly into my present choreography?
5. Are my dancers prepared to handle the material?

It is not easy for us to judge what has merit. Many of us have a tendency to jump on everything that comes out in our note services. It takes "guts" to use what you personally feel is good and worthwhile. What's good for your colleagues may not be appropriate for you and your group of dancers. You're the only one that can make the decisions on what's best for the dancers. The recommended criteria offers a set of simple guide lines to help you make the proper decisions.

Careful planning - thoughtfulness, and honesty - are essential if you are going to develop a sound relationship with your dancers. This is your primary objective - never treat it lightly.

WHAT IS TRADITIONAL DANCING?

Traditional dancing is a lot of things to many people and its beauty lies in the fact that it is not strictly delineated but varies with the area and background of the individual caller.

In general, the beautifully timed quadrilles and precise New England Contras are equally as enjoyable as the wild swinging Texas and Colorado visiting couple dances. As our population shifted westward, dancing became less formal. Square dance figures were not available in print, but were passed from caller to caller by word of mouth. By this process, frequently something was either lost or gained in the transition.

Thus Birdie in the Cage as called in Vermont may bear only a slight resemblance to the same figure called in Nebraska or Colorado.

Traditional calling fits the bill for the One Night Stand. Folks who have not danced since the third grade or those who have never danced enjoy the simple traditional routines just as our ancestors loved them. We plan to explore and develop One Night Stand programming.

Much of traditional material is still not in print. At this meeting, we place emphasis on an interchange of ideas and calls. Those of us who have been calling for years frequently get into a rut and it will be refreshing to see and hear what callers from other areas are doing.

It appears we have an excellent representation of traditional callers from many parts of the country and good workable ideas should be as numerous as fleas on a cur dog.

When I started calling at a tender age, singing calls were done to tunes which had been around for generations. We had such classic tunes as Red River Valley, Pony Boy, Red Wing, Glory Glory Hallelujah, and Life on the Ocean Wave.

So when did the transition to the so-called popular music happen? In the 40's an imaginative caller from Oklahoma City, Paul Phillips put together a singing call to a currently popular tune. For the record, the tune was You Call Everybody Darling. Victor recorded it and it became an overnight hit on our primitive 78's. That event opened Pandora's Box. Today we have about a dozen new singing calls released each week on a plethora of labels to tunes largely ground out in Nashville.

One of our problems is that most of our traditional singing calls were recorded on the old 78's; not many of the real classics are available on 45's. We are in a position to make some of these venerable tunes available thru a dubbing service.
My own record case is filled with dubs, many of excellent quality, and through judicious filtering, frequently these dubs are of better quality than the 78's from which they were taken.

Then too, the 78's were plagued with a short playing time and many visiting couple dances would only accommodate two changes; with dubbing, it is possible to double these short recordings and make it possible to work all four couples without resetting the needle.

Reports from our committee indicate that many traditional callers have successful clubs and give lessons in traditional dancing. In our area we give just ten easy lessons and if folks want them, I give five more in which I cover simple Contras and traditional rounds.

My two clubs have many drop-outs from modern dancing. They enjoy being able to dance on the beat of the music, not being rushed and doing routines which are just fun, not brain-wracking. Our program is geared to the once-a-month dancer and the casual visitor. We feature good solid programs based on dancing for fun and fostering good-fellowship.

We have no intentions of taking square dancing back to the dark ages. Those who want a challenge and want to make square dancing a career do not come to us.

It makes sense to us that the modern caller should be familiar with our roots -- our heritage. A well rounded modern caller should find it fun to be able to do a capable job of Duck and Dive and Grapevine Twist. Think about this while you are doing your APD.

We have something to offer you -- to help you. You all come!

Al Scheer

CONTRA COMMITTEE

This year's meeting of the Contra Committee and all those interested or involved with Contras is shaping up to be one of extensive decision making. The well-rounded and informed caller of today certainly should have a working knowledge of just what Contras are and where they fit best in the field of American Dance. Any caller who is unaware of Contra dancing and its mechanics and nomenclature is not fully equipped as a dance leader.

The subjects for discussion at our session will surely include the draft of the newly completed "Contra Prompting Handbook" written by committee members; accreditation of Contra prompters; standardization of Contra movements and calls; levels of Contra dancing; the need for a clearer definition; attitudes and judgement of prompters; and whatever else might be brought up to lend a basis for some healthy discussion.

Be a part of the decision making and come join the Contra Committee and share your wisdom with those who wish to help carve the future of Contras.

STYLING FOR BASIC SQUARE DANCE CALLS

This Committee Report has been prepared to be presented to the 1980 Convention as a continuation of last year's report. The purpose of this report is to update the styling notes for basics not approved at the 1979 Convention. We have taken care to work in conjunction with the approved Basics Definition list.

Melton Luttrell, Chairman
Basics Styling Committee

Definitions of Styling Terms and

Styling for Basic Program 1-20, 31-34, 40 and 41

were approved for a one-year trial basis in 1979 Convention.

* Denotes either title or number change.

** Denotes basics submitted for 1980 Convention approval.
DEFINITION OF STYLING TERMS

Arms in Natural Dance Position
Arms should be held slightly bent in comfortable position in anticipation of the next movement.

Dance Step
Should be smooth, effortless gliding step in which ball of foot touches and slides across surface of floor before heel is gently dropped to floor. The length of stride should be fairly short with the movement coming mostly from knees down.

Dance step must be coordinated with the beat of the music.

In general terms short gliding steps which utilize both ball and heel of the foot make a comfortable dance step.

DANCING HAND POSITIONS:
- Couple Handhold
  Inside hands joined. Gents should always hold palms up, Ladies hold palms down. In the event same sex couple, left-hand dancer turns palm up, right-hand dancer turns palm down. Arms should be bent with hands held slightly higher than elbow. Forearms adjacent and can be held close together in locked-in position for wheel around type movement.

- Forearm
  The arms are held past the wrist but not past the elbow joint. Each dancer places the hand on the inside of the arm of the person with whom he is to work. The fingers and thumb are held in close. The center of the turn will be at the joined arms, so, while turning, each dancer is moving equally around other.

- Handshake Hold
  Use a comfortable handshake with hands reached and touched at about average waist height. Thumb should overlap the back of opposite dancer's hand.

  It is important in Right & Left Grand to release hands when passing. Do NOT stretch or lean over to reach the next hand.

- Loose Handhold
  Hands revolve around each other maintaining contact and certain degree of security or stabilization. Slight palm pressure is all that is required.

- Hands Up
  Hands are joined in a crossed palm position, i.e. opposing dancers place palms together with fingers pointing up, then tilt hand out slightly which will result in a crossed palm position. Thumbs are gently closed on the back of the opposing dancers hand. As the turning action starts, wrists are straightened.

- Box Star/Packsaddle
  Four Gents with palms down take wrist of gent ahead and link up to form a box.

Posture
Dancers should stand erect and tall, shoulders back. Often tall people have tendency to stoop, but should not.

Pull By
The action brings two people toward each other. Hands should be dropped before bodies cross a common plane.

Skirt Work
Ladies hold skirt in free hand using very slight rhythmical flourish to move skirt in front and back, right hand moving with left foot, left hand moving with right foot.
Definitions for Styling Continued:

**Promenade Ending Twirl**

Gent raises right hand holding lady's right hand loosely as she twirls clockwise underneath, ending in a squared up, couples position.

**STYLING FOR BASIC SQUARE DANCE CALLS**

**BOW (HONOR)**

**To Your Partner**

**Gents:** Turn slightly to face your partner making eye contact. Place left hand behind back or at left hip, palm out. Place right foot in front of left foot. The right foot should be pointed toward the lady with the toe touching the floor. Gent's right hand holds lady's left hand. Both legs are straight, with weight on the back foot.

**Ladies:** Turn slightly to face your partner making eye contact. Left foot should be pointed forward with toe touching floor, right foot in back. Right hand holds skirt toward center of square, right arm bent at elbow. Place left hand in partner's right hand. Both legs are straight with weight on back foot.

An acceptable traditional variation of styling is that the Gents bow slightly from the waist as the Ladies acknowledge with a curtsy.

**To Your Corner**

**Gents:** Right hand holding partner's left hand, turn slightly to face corner, making eye contact. Place left hand behind back or at left hip, palm out. Place left foot in front of right foot. The left foot should be pointed toward corner with toe touching floor. Both legs are straight with weight on the back foot.

**Ladies:** Left hand in partner's right hand, turn slightly to face corner, making eye contact. Place right foot in front of left foot with the right foot pointed toward corner and the toe touching floor. Both legs are straight with weight on back foot.

An acceptable traditional variation of styling is that the Gents bow slightly from the waist as the Ladies acknowledge with a curtsy.

**BASIC PROGRAM**

*1. **CIRCLE LEFT AND RIGHT**  
   All dancers walk (dance) forward with joined hands, men's palms up and ladies palm down, elbows bent comfortably so that hands are above elbows.

2. **FORWARD AND BACK**  
   Couples have inside hands joined. As couples meet in the center outside hands may be touched palm to palm. As the foot is brought to the touch (on the 4th and 8th counts) it should remain on the floor.

3. **DO SA DO**  
   **Gents:** Arms in natural dance position, right shoulder forward as right shoulders pass, left shoulder forward as left shoulders pass.

   **Ladies:** Both hands on skirt moving skirt forward and back to avoid opposite dancer, right hand forward as right shoulders pass, left hand forward as left shoulders pass.
4. **SWING**  

Starting Position:

**Gents:** Left arm bent at elbow, palm slightly up, right hand on lady's back slightly above waist. Posture erect.

**Ladies:** Right hand palm down on gent's left hand, left hand on gent's right shoulder, arm resting on gent's right arm. Posture erect.

**Footwork:** Walk around. Use short walking or shuffling steps around the central point.

*Buzz Step.* Right foot moves in small steps around the pivot point while the left foot pushes -- as in a scooter motion.

Ending Position:

**Ladies roll off man's right arm blending smoothly to position for next call.**

OR

**Twirl** (to a Promenade only -- Lady’s Option).

**Gent** raises his left hand over lady's head, holding lady's right hand loosely. Her hand revolves around his for stability as she turns clockwise moving down line of dance three steps, into a promenade position by joining inside hands on the 4th step. While lady turns the gent will move forward down line of dance to be in position for the promenade.

* 5. **COUPLE PROMENADE**

**Gents:** Hands are palms up, right forearm over lady's left arm.

**Ladies:** Hands are palms down in gent's hand.

**Comment:** Joined hands should be positioned equally between partners.

**Single File:**

**Gents:** Arms held in natural dance position.

**Ladies:** Both hands on skirt, working skirt with natural swinging motion.

* 6. **ALLEMANDE/ARM TURNS**

The arms are held past the wrist but not past the elbow joint. Each dancer places the hand on the inside of the arm of the person with whom he is to work. The fingers and thumb are held in close. The center of the turn will be at the joined arms, so, while turning, each dancer is moving equally around other.

7. **GRAND RIGHT AND LEFT/WEAVE**

**ALL DANCERS.** Hands are involved with alternating pull-by movements, no twirls. Arms should be held in natural dance position, and the handhold position should be released as dancers pass each other. Men particularly should stand tall and resist the temptation to lean over and stretch out their hand to get the next person. Just a comfortable extension of the arm and hand is all that is necessary.

**WEAVE**

Ladies will work skirt with both hands as they move around the square, not exaggerated but with hands on skirt. Men hold hands in natural dance position. The motion is one with the circle not too large and with the dancers leading with their right shoulders as they pass the dancer on their right, then with the left shoulder as they pass the dancer on the left. Brief eye contact should be
made as you meet each dancer.

8. **PASS THRU**  
   **Gents:** Right shoulder slightly forward as right shoulders pass. Arms in natural dance position.
   **Ladies:** Work skirt with hands, right hand leading as right shoulders pass.

9. **"U" TURN BACK**  
   **Gents:** Hands in natural dancing position.
   **Ladies:** Arms in natural dancing position.

10. **SPLIT COUPLE/RING**
    Normal styling. Gents arms in natural dance position; Ladies may work skirt. The couple that is separated by the active couple simply moves out of the way so that the active couple may move between them. Once the active couple has moved thru and is out of the way, the couple who separated will move together once again.

11. **COUPLES SEPARATE/DIVIDE**
    Those not active will move forward so those moving do not have to go so far. Men's arms in natural dance position. Ladies skirt work optional.

12. **COURTESY TURN**  
    **Gents:** The extended left hand serves as a direction indicator and the man uses his left hand to lead, not pull. Place right hand in small of lady's back.
    **Ladies:** Use right hand to work skirt.

13. **CHAIN FAMILY**  
    **Gents:** Release partner then turn right shoulder slightly toward center of the square to begin Courtesy Turn portion of call, step back with left foot.
    **Ladies:** Two Ladies Chain  
    Use handshake pull by. No skirt work except as part of Courtesy Turn.
    Four Ladies Chain  
    Hands up (Palm Star), touching right hands in star pattern.
    3/4 Chain  
    Same styling as in Four Ladies Chain.

    **Comments:** Important that Gent clears path for receiving Lady after chain by moving slightly to the right and starting Courtesy Turn motion before Lady arrives.

14. **DO PASO**  
    **Gents:** Hands in position for arm-turns, alternating left and right.
    **Ladies:** Use forearm turn positioning.

    **Comment:** When the courtesy turn portion of Do Paso is replaced by a different logical basic, then the styling reverts to that basic.

15. **RIGHT AND LEFT THRU**  
    Each dancer takes regular handshake hold (right hands) with opposite as they move by each other. They release hands immediately as they pull by. For Courtesy Turn styling refer to #12.
16. **RIGHT/LEFT HAND STAR**

   **Gents:** In forward moving star inside hands should be joined in a Palm Star Position, average eye level, arms bent at elbow. Outside arm in natural dance position.

   **Ladies:** Inside hands same as for gents, outside hands to work skirts.

17. **STAR PROMENADE**

   **Gents:** Inside hand same as in Right or Left Hand Star, outside arm around lady's waist.

   **Ladies:** Inside arm around Man's waist under his arm, outside hand works skirt.

18. **INSIDE OUT/OUTSIDE IN**

   Normal styling.

19. **COUPLES LEAD TO THE RIGHT**

   Normal couple hand-hold between Gent and Lady, outside hands free in natural dance position.

20. **CIRCLE TO A LINE**

   The circle portion is the same styling as Circle Eight. As the Man breaks with his left hand to form a line, he should lead the line several steps before turning. After the end lady has released right hands, and while retaining the right hand of the Man beside her, she will raise her left arm (hand) and make an arch. Then as the line begins to straighten out, she will move forward under this arch turning left-face gradually under her own left arm so that instead of backing up she is moving forward to the end of the line.

21. **BEND THE LINE**

   As ends move forward, centers back up equally. Use normal couple handhold and in the event new line is formed, immediately join hands in the new line.

22. **ALL AROUND YOUR LEFT HAND LADY**

   **Gents:** Arms in natural dance position.

   **Ladies:** Both hands on skirt, moving skirt forward and back to avoid opposite dancer.

23. **SEE SAW (TAW)**

   When combined with All Around your Corner, styling to be same as in All Around Your Left Hand Lady except that left shoulders are kept adjacent and left hand and left shoulder should be kept forward.

   When used as a left shoulder Do Sa Do, styling to be the same as Do Sa Do except left shoulder leads first.

24. **GRAND SQUARE**

   **Gents:** Arms in natural dance position.

   **Ladies:** Skirt work with natural swinging motion.

   **Comment:** When moving forward or backward as a couple, normal couple handhold is desired.
** 25. ** BOX THE GNAT

Use loose handhold. The joined hands must be held so that the gent's hand may turn over the lady's fingers easily while still providing some degree of security or stabilization. At the completion of the movement, the hands should be in a handshake position.

** 26. ** SQUARE THRU

Styling should be similar to that in Grand Right and Left. Corners should be rounded off rather than pulling through and doing a square military turn.

** 27. ** CALIFORNIA TWIRL

Gents and ladies use loose handgrip. Outside hand in natural dance position.

Comment: It is important that the man does not "wind" the lady. Man's hand should be used to stabilize as lady provides her own momentum. It is also important that man's arm remain well above lady's head. Hands should be adjusted to normal couple handhold after completion of the basic.

28. ** DIVE THRU

Couple making the arch:

Use loose handhold. Stand far enough apart to allow another couple to dive under. It is permissible for dancers making arch to drop hands momentarily if it is uncomfortable to reach over diving dancers. After hands are rejoined styling should be the same as previously described for California Twirl.

Couple diving under:

Use couple handhold. Bend low enough and stay close enough partner to partner to move comfortably underneath the arch.

29. ** CROSS TRAIL THRU

Gents: Right shoulder slightly forward as right shoulders pass; left shoulder forward as left shoulders pass. Arms in natural dance position.

Ladies: Work skirt with hands. Right hand leading as right shoulders pass; left shoulder leading as left shoulders pass.

30. ** WHEEL AROUND

Styling same as in Couple Promenade.

* 31. ** SINGLE FILE TURNBACK

Refer to styling for #5

* 32. ** ALLEMANDE THAR

When the Men are in the center backing up, their Right hands will form a packsaddle/box star, taking the wrist of the man in front of him. When the ladies star they will simply touch hands in the center. The dancers forming the star must remember to allow those on the outside to set the pace, since they have to travel a much further distance. If the centers move too fast, the result is that those on the outside will have to run to maintain the pace. As in any star, the ladies, while on the outside, may elect to hold the skirt.
33. **SHOOT THAT STAR**

Forearm position shall be used for shooting the star. Outside hands free and in natural dance position. Lady will remain holding skirt until hand is needed for next command.

34. **SLIP THE CLUTCH**

Despite the change of moving direction you can make the switch flowing and comfortable if the armhold is released effortlessly and that same hand is held ready to turn the next person as directed.

**35. HALF SASHAY FAMILY**

**Standard:** Hands held in normal couple handhold; man and lady each use slight pulling motion toward each other as they initiate the Sashay movement.

**Rollaway:** Handhold same as joined couples. Man should slightly pull lady as both gent and lady reach to join hands and continue pulling motion with outside hand. Man steps back with left foot, to the side and across.

**Ladies In, Men Sashay:**

**Gents:** Hands held in slightly up position ready to rejoin lady's in circle.

**Ladies:** Should have both hands on skirt when moving to the center and momentarily bunch skirts before returning to circle.

**36. ALAMO STYLE/BALANCE**

Styling same as in Ocean Wave/Balance.

**37. STAR THRU**

All dancers. Hands are joined in arch, palm to palm, fingers point up. Handgrip should be readjusted to couple handhold after the basic is completed.

**Comment:** Join hands in raised position approximately eye level. It is important that hands not be joined before that point. Man's hand should be used to stabilize as lady provides her own momentum. It is equally important that the man's arm remain well above the lady's head. (In the event tall lady is dancing with short man, lady might have to dip slightly to help avoid contact.)
**38. TURN THRU**

Use normal forearm grip as previously described.

Gents: Free hand in natural dance position

Ladies: Skirt work desirable for free hand.

**39. EIGHT CHAIN THRU**

All dancers. Styling same as Grand Right and Left and as in Courtesy Turn.

Comment: Emphasis should be placed on Courtesy Turn or Modified Courtesy Turn in that portion of the Basic so that dancers can maintain an Eight Chain Thru formation and not be allowed to drift into a Grand Right and Left type movement.

*40. OCEAN WAVE FAMILY*

Dancers should use hands up position. Forward distance between dancers should be determined by the arm position of the dancer which is extended forward and bent slightly at the elbow. Care should be taken not to pull down on partner's arm.

**Balance (Companion Movement)**

Step forward touch, step back, touch; or as a pleasing variation use a Two Step (step, close, step, hold) forward, and Two Step Back (step, close, step, hold).

Hands should never come behind shoulders. Hands may be used to resist forward motion to prevent stepping too far through.

**Mini Wave:** Same styling as in Ocean Wave.

**Tidal Wave:** Same styling as in Ocean Wave.

**Right/Left Handed Ocean Wave:**
Same styling as in Ocean Wave.

**Pass the Ocean:**
Couples who pass thru and face partner use styling similar to that previously described in Pass Thru.

*41. SWING THRU FAMILY*

All dancers. Hands are joined in hands up position, elbows in close. Exert slight pressure to assist opposite dancer in turning. Arcing turns should be utilized rather than pull by type movements and should flow effortlessly from one turn to the other so that you are in a sense "weaving" along the line.
** 42. TRADE FAMILY

A. Boys B. Girls C. Ends D. Centers

All dancers: Any two adjacent opposite facing dancers use normal hands up position for turning as in Swing Thru type movements. Girls trading (i.e., from end of line) will use normal skirt work while trading places.

E. Couples Trade:
   Use normal couple handhold and styling similar to Wheel and Deal.

F. Partner Trade:
   Use inside hands to exert slight pressure to assist each other in trading.

** 43. FLUTTER WHEEL

All dancers: Dancers turning in the center should remember the principle of the forearm turn. Dancer being picked up can enhance the movement by anticipating the approach of the opposite dancer and step beside that person, taking normal couple handhold. If girls are on the outside, skirt work is desirable with free hand.

Reverse Flutter Wheel: Same styling as previously described in Flutter Wheel.

Grand Flutter Wheel: Same styling as Flutter Wheel except dancer in center should use Star Family handgrip.

Reverse Grand Flutter Wheel: Same styling as Grand Flutter Wheel.

** 44. SWEEP A QUARTER

All dancers: Use couple handhold.

Comment: Couples working together should smoothly disengage previous handhold and blend into Sweeping basic.

** 45. VEER LEFT/RIGHT

All dancers: Use couple handhold. Outside hands in normal dance position.

** 46. RUN FAMILY

All dancers: Hands should blend into handhold required for following formation, i.e., Wave or Line.

** 47. PASS TO THE CENTER

All dancers: Styling same as Pass Thru and Partner Trade.
** 48. CIRCULATE

All variations with the exception of Couples Circulate:

All dancers: Arms in natural dance position.

Comment: Depending upon the formation, some dancers are required to travel a shorter distance than others and should adjust with shorter steps to coincide with those traveling the longer distance.

Couples Circulate:

All dancers: Use couple handhold.

Comment: Couples traveling the shorter distance should adjust with shorter steps to coincide with those traveling the longer distance. Those traveling the longer distance should avoid rushing.

** 49. SPIN THE TOP

Styling same as in Swing Thru.

Comment: Dancers who become new ends should have arms in natural dance position and hands ready to assume appropriate position for next call.

** 50. TRADE BY

Styling same as Pass Thru and Partner Trade.

** 51. ZOOM/SUBSTITUTE

Zoom:

Lead dancers

Gents: Hold arms in natural dance position

Ladies: Skirt work optional.

Comment: It is important that lead dancers initiate roll out movement with a slight forward motion and allow sufficient room for trailing dancers to step through comfortably.

Trailing dancers

Use couple handhold.

Substitute: Couple making the arch:

Use loose handhold. Stand far enough apart to allow another couple to dive under. It is permissible for dancers making arch to drop hands momentarily if it is uncomfortable to reach over diving dancers. Hands should be rejoined in couple handhold.
Substitute (Cont'd)

Couple diving under:

Use couple handhold. Bend low enough and stay close enough partner to partner to move comfortably underneath the arch.

** 52. WHEEL AND DEAL

All dancers: Use couple handhold.

Comment: Inside dancers serve as pivot point and should exert slight pressure to assist as in any Wheel Around movement.

** 53. FERRIS WHEEL

All dancers: Use couple handhold.

Comment: It is important that those couples doing a half circulate form a momentary two-faced line in center. (Might touch inside hands to ensure the two-faced line position.)

Important to stress that couples DO NOT start Wheel and Deal motion from the original starting position - must half circulate to the momentary two-faced line.

** 54. DOUBLE PASS THRU

Styling same as in Pass Thru.

Comment: Dancer leads slightly with right shoulder and therefore lady could use right hand to work skirt by putting it in front of her as she passes.

** 55. CENTERS IN

Active couple should use couple handhold and if stepping in between couples facing the same direction, join hands as in a line of four. If active couple steps in between couple facing opposite direction, use hands up position with end dancers.

** 56. CAST OFF 3/4

If joined dancers are in opposite facing directions, the handhold should be hands up position; for example, as in Swing Thru. If joined dancers are in same facing direction, handholds are as in couples handhold position.
** 57. CLOVER LEAF

Gents: Arms in natural dance position.

Ladies: Skirt work optional.

Comment: It is important to move slightly forward before turning away. When lead dancers meet and become partners, use couple handhold. Trailing dancers should follow footsteps of lead dancers and not cut the corners. When trailing dancers become partners, use couple handhold.

** 58. SLIDE THRU

Gents: Arms in natural dance position.

Ladies: Skirt work optional.

Comment: Hands should be rejoined in the appropriate position for the next call.

** 59. FOLD FAMILY

All dancers: Hand position depends on starting formation, i.e., hands up from a Wave, couple handhold from a line or Circulate.

Comment: Using appropriate hand position inactive dancer should exert slight pressure to adjacent dancer and assist in initiating folding action.

** 60. DIXIE STYLE TO AN OCEAN WAVE

Lead dancers initially pulling by in center should use handshake hold, i.e., as in Grand Right and Left. When forming Mini Wave with trailing dancer, use hands up position and use same styling as in Swing Thru.

** 61. SPIN CHAIN THRU

Styling same as in Swing Thru.

Comment: It is important that waiting ends remain in static position with hands ready to assume appropriate position for the next call.
** 62. PEEL OFF

All dancers: Arms in natural dance position and ready to assume appropriate position for next call.

Comment: It is important that lead dancers move slightly forward before starting "peeling" motion.

** 63. TAG FAMILY

All dancers: Arms in natural dance position, hands ready to assume appropriate position for next call.

Comment: A flowing type movement can be achieved by taking a slight step forward before turning toward the center of the line thus avoiding the abrupt military type pivot.

** 64. CURLIQUE

All dancers: Use loose handhold. Hands should be held well above head in order that lady can turn comfortably under gent's arm. Basic ends in hands up position.

Comment: Many dancers prefer that lady turn back of hand to gent to initiate a Curlique action.

** 65. WALK AND DODGE

Gents: Arms in natural dance position.

Ladies: Skirt work optional.

Comment: Hands should be ready to assume appropriate position for next call.

** 66. SCOOT BACK

Styling similar to that of Turn Thru and Fold.

** 67. FAN THE TOP

Center dancers:
Use hands up position and styling similar to that of Swing Thru.

End dancers:
Arms in natural dance position and hands ready to assume appropriate position for next call.
** 68. HINGE FAMILY

A. Couple Hinge: Use couple handhold position and styling similar to that of Wheel and Deal.

B. Single Hinge: Use hands up position.

C. Partner Hinge: Basic ends in a mini wave, hands up position.

** 69. RECYCLE

All dancers: Arms in natural dance position, hands ready to adjust for next call as quickly as possible.

Addition to Definition of Styling Terms

DANCING HAND POSITIONS

. Palm Star – Place all hands together with fingers pointing up and thumbs closed gently over back of adjacent dancer's hand to provide a degree of stabilization. Arms should be bent slightly so that the height of the handgrip will be at an average eye level.

Scootback - all variations
Fan the Top - all variations
Hinge - all variations
Recycle - from waves only but please no hands

Keep them flowing and try to build on what the dancers know. Do not try to clobber them. Please teach according to the approved definition of CALLERLAB. Apply the same approach to the use of APD during the QS or + lists. If the variation is not listed here, then please do not use it for the MS level dance.

Have Fun - but keep them dancing.

* From point of contact means exactly what it says, if it takes you two steps or beats of
music to get to the contact point, then add that to the numbers.
* From facing lines spaced a normal distance apart such as heads lead right and circle to
a line, your timing would be the same as SS-Static Squares. If the line is closer to the
other line, the timing would be the same as BOX-Box 1-4....
