Unusual Get Outs

Virgil Forbes  
GCA, CSDT  
Pikesville, Maryland

What constitutes an unusual or surprise get out?

Getting to the 'allemande' when the dancers are not expecting it.

Getting to the 'right and left grand' without an allemande

Getting to the 'promenade' without either an allemande or right and left grand

Finishing a sequence with the dancers at home with their partner, without any of the above

Any get out you use more than once a dance isn't going to be unusual (at least to your home club) for very long
